Death of Mrs. Orr.

Mrs. Mary J. Orr, widow of Gov. James L. Orr, died at the home of her son, Dr. S. M. Orr, in this city, this (Wednesday) morning at 10 o'clock. The announcement of her death was a shock to her many friends, for it had been expected at almost any hour for a week or more.

Mrs. Orr was a daughter of the late Dr. Samuel M. Orr, of Abbeville County, who was born in November 1812. Her father had been a member of the Georgia House of Representatives, and she was a member of the same body at the time of her death. She was a devoted wife and mother, and her death is a great loss to her family.

On November 16, 1843, at the age of 31 years, she was married to Gov. Orr, who was then practicing law in this city. The happy couple came to Anderson immediately and here she has ever since made her home. She was truly a valuable helpmeet to her distinguished husband throughout his life, and especially during his official career, when by her gentle, loving disposition, social intercourse and liberal hospitality she added to his long list of devoted friends. She possessed a brilliant mind and a remarkable memory, like her devoted husband, and it was a great pleasure to be thrown in her company. She always kept an open house, and the poorest, most humble individual received as cordial welcome at her door as the most distinguished person.

She was a great pleasure to be thrown in her company. She always kept an open house, and the poorest, most humble individual received as cordial welcome at her door as the most distinguished person. She was a great pleasure to be thrown in her company. She always kept an open house, and the poorest, most humble individual received as cordial welcome at her door as the most distinguished person.

On July 14, 1890, she was stricken with paralysis, partially affecting her right side. In January, 1897, she received a fall from her carriage, after which she was never able to walk. During all these years she has been a perfect type of Christian fortitude and resignation. Despite her severe affliction she never murmured and always met her friends with a cheerful smile. During the few days before her death she said: "While I have had many afflictions, I have been blessed above all mothers in my children." This was no doubt a great consolation to her in her declining years.

In writing this hurried and disconnected sketch of this noble woman, we realize that our humble pen cannot do justice to her memory. We can only say that no woman ever lived in Anderson who was more universally beloved and respected. The announcement of her death will bring pains of sorrow to the hearts of our people, who will ever cherish her memory. She has gone to that haven of rest where pain and sorrow are never known, and her crown will be bedecked with innumerable jewels by the blessed Saviour who served so faithfully in this life. Mrs. Orr leaves two sons and two daughters—Hon. J. L. Orr, Dr. S. M. Orr, Mrs. Martha Orr Patterson and Mrs. Mary Orr Earle—and a brother, Dr. J. W. Marshall, and two sisters, Mrs. Eliza Spruill and Mrs. K. F. Williams.

The funeral services will be held at the Episcopal Church to-morrow at 12 o'clock, after which the remains will be interred in the Presbyterian Churchyard, beside those of her husband. The survivors of Orr's Regiment will act as honorary pall bearers.

Misses Roxie and Ella Reid, of Wall-halla are visiting friends and relatives in and near Pendleton.
Mr. Eugene Eskew, principal of the band of the second Regiment, S. C. V., came home to see his parents on a short furlough a few days ago, but had to return to Columbia before his furlough was out to join his Regiment which left Columbia for Jacksonville, Fla., on the 15th inst.

Dr. J. B. Adger and daughter, Miss Susie, went to Charleston last week to attend the funeral of Mr. J. E. Adger, a brother of Dr. Adger.

Mrs. F. H. Shanklin is very ill. Messrs. Edward and George Shanklin, of Piedmont, and Mr. J. A. Shanklin, of Augusta, Ga., her sons, were called home. Dr. Earl, a relative from Greenville, was to come, and the attending physician of this place are to come to attend her case.

Since writing the above I learn that Mrs. Shanklin died at 11 o'clock Monday night. The family have our sympathies in their bereavement.

Moseley News.

Mr. Hall, of Williamston, has been here several days with relatives and friends.

Mr. Will Davis, from Rio, Ga., was shipped here last Sunday, but came by way of Ivy, and perhaps one of the young ladies up there can tell more about it than the undersigned.

Mr. and Mrs. J. L. Pettigrew, of Starr, spent Saturday night and Sunday here with his mother.

Miss Katie Hutchinson spent a few days here recently, the guest of Miss Mary Hall.

Mr. J. L. Morgan is at home now, having had two weeks of convalescence at the bedside of his sister, Mrs. Gray, who is now convalescing, and his hope that she will soon be restored to her normal health.

Mr. J. E. Pettigrew recently purchased a tract of land near Townville, S. C., and expects to move there this fall. Mr. Pettigrew is an honest, upright citizen and we commend him to the people of Townville.

A portion of the lumber is on the ground for a large two-story dwelling here, and work will commence this week. (Like to have forgot to say that it is for Mr. J. T. Morgan, who, when completed, will add much to the appearance of our town. Two other buildings will go up here at an early date, of which we will mention in due time.)

Mr. and Mrs. Benjamin Harris of Hartsville are visiting here last Saturday and Sunday.

About two weeks ago the Liberty base ball team went down to play with the Lowndesville boys. After an even number of innings they had scored 22 against 11, in favor of the Liberty team. The Liberty team was composed of boys from the town and the result was 22 and 11, in favor of Liberty.

The members of Union will meet on Saturday night the 1st Sunday in October at 11 o'clock and elect officers for the ensuing year. A full attendance is desired.

Mr. John A. Brown is at Bordeaux building a bridge for the County.

The Methodist Church here has been finishing up inside and we are told that they will put in new seats ere long, after which the brush will be applied. **Promo.**

Corner Creek Shiftings.

Everything seems to be very quiet at this writing. Farmers are having some excellent weather for gathering their crops, which are unusually good this year, considering the amount of rain we had in August. Several of our farmers failed to save all of their fodder on account of so much rain. But they have a considerable amount of peavines to harvest, and if they can save them, they will probably have enough to do us another year, and if we could just get anything for our cotton, which is very fine, and is being picked from the burs at a two forty price, we would have some money, but consequently the farmers will still be poor.

H. M. Bigby left last Tuesday for Pelzer, S. C., where he has accepted a position with the enterprising firm of Bigby & Cox. Hugh is a rising young man, and is bound to make a success in life.

Miss Daisy Kay, an attractive and pretty young lady of Broyles, spent a day last week in our midst with her friend, Miss Modena Bigby.

The health of our people is very good at this writing.

Ester Phillips, a dashing dude from over about Austin, Laurens County, was in our midst last Sunday in search of his first love. He was riding in a little Texas pony, and it seems that the horse has a disposition of running away every time he gets in the buggy to start. So just as he was getting in the buggy with this certain girl the pony started off at a "two forty" gate and running over the top of the shade trees in the yard, pulling it up by the root, and came near breaking his shafts. "Say, Mr. Phillips, the next time you come (if you ever come again) drive a more gentle horse and maybe you can stand a better hand amongst our fair sex." **TRY.**

News from Old Rocky River.

Since our last writing we have been grumbling and suffering also with our aching backs and ten seals and sore fingers.

Cotton is opening very rapidly for the past two weeks. Some of the smart farmers have already sold a few bales of new cotton.

People have been talking of hard times for the past six or seven years, and what we do now? But the most important thing of it is, what can we do to make a living at 4 cents?

Miss Alice Hall, that charming and beautiful young lady of Greenville, S. C., who has been visiting in our midst for the past few weeks, returned to her lovely home some five days ago, accompanied by her cousin, Miss Sallie Hall, who will spend some two or three weeks with Miss Alice.

Our old pastor, who labored for us at this place last year and year before very faithfully, preached an excellent sermon for us last Friday night. We were very glad to have him with us, but sorry to say that there were some persons there that desired no interest in any religious services, and wanted to disturb them that were listening to the servant of God while he delivered his message. People that cannot stay in a gentleman's place should stay at home, and the young lads that think themselves as grown people and do the way they did at night, should be doctored at home by parents with a persimmon sprout.

Rev. M. McGee, our good and well-known pastor of this place, carried on a meeting at this place again last Friday night and continued until Sunday, but none joined this time. One having joined at our week's meeting a month ago, was baptised on Sunday. Mr. McGee is one of the oldest ministers in the Baptist Church Association, and is well thought of by everybody that ever met him.

The gimmers are doing some hustling now, as the whistles can be heard in every direction and the cotton is rolling in from all sides, if it is not but 44. We are glad that there is not more made. One of our old friends, friends, friends, he does not indulge in any intoxicants at all, but sometime recently he went to Anderson and came to an old gentleman's house, about five miles from town, and he was there for some days, with only one buggy trace and no dashboard at all. Say, friend, there is something strange in such a trip as that.

Some of our best young gentlemen have a very bad case of blues since some of the old friends, friends, friends, have returned home. Yes, I think to think of such without it being true, and maybe it will not be long till that happy hour comes. **Dirro.**

We have some good hand-made one and two-horse wagons we will sell cheap cash. Also some Buggy and Harness. **13-3 Paul & Stephens.**

Calhoun Tidings.

We are having pretty weather now, and the farmers are making use of it by gathering the fleece staple.

A good many of our people from this section attended the 14th meeting at Home Path last week.

Miss Alice Harper, a lovely young lady of Hopewell, is visiting in this community.

Miss King, of Westminster, is visiting the family of Mr. J. R. Brant.

Mr. Thomas Newton Lathrop, of Home Path, was in this community last Monday looking after the interest of his farm.

Miss Ethel Wilson, of Belton, spent last week with her cousin, Mrs. Laura Ayker.

Miss Mary Ayker has returned home after spending two very pleasant weeks with Misses Alice and Annie Harper, of Hopewell.

Mrs. Annie Holland and little son, Eugene, of Greenville, are visiting her parents at this place.

Private B. T. Norris, who has been sick for some time, improves very slowly, but is hoped that he will soon be well again.

Messrs. C. M. Mattison, J. M. Cox and J. J. Vaughn have added much to the appearance of Calhoun.

Messrs. Bob and Eugene Davenport, two of Oak Hill's dashing sports, were shipped at Shady Grove last Sunday.

Mrs. W. H. Ayker is visiting her son, Mr. John C. Ayker, near Anderson.

The health of this community is very good at this writing. **U.S. and No.**

Aurora Items.

Mr. Lucius Clinkscales, one of Mohawk's most enterprising young men, was located in our midst in July and August. Mr. Clinkscales knows how to keep both himself and all who are in any way connected with him busy.

Mr. Warren King, who has been spending the past month with his father and sisters, expects to return in a few days to resume his duties as "baggage-master" on the Railroad running from Atlanta to Chattanooga. "Kelly" has made a number of improvements on his father's place.

The men in this community are getting ambitious. The following have made extensive improvements: Mr. J. H. Leach has finished his cook-room and dining-hall; Mr. J. W. White has in process of erection a two-story building which, when finished, will be a very handsome residence; Mr. J. A. Pruitt has enlarged his house considerably, and is having a lot of internal work done also; Messrs. Guyton, Gentry and Kay are also in the ring, and probably others whose names I have failed to mention.

Mr. Eugene Webb, who was up from Columbia on a furlough, has returned to his company, which is one of the 2d South Carolina Regiment.

Two of our most promising young men have gone to College. Mr. J. B. Neal, Jr., has gone to Clinton to enter the South Carolina Presbyterian College, and Mr. W. D. King has gone to the Clemson Agricultural College. We wish these young men great success in their studies. **VELOCISSIMO.**

We mean to do a great business this Fall. We don't want to "boost" ourselves, but the people certainly treated us well this Spring, and we believe they will do the same thing again this Fall. We feel that we are prepared to give them full value for their money, and that is what the people want. They appreciate it when you put before them the right kind of Goods at the right price. We are prepared to please the trade in Fine Goods, Medium Priced Goods and Low Priced Goods—all good, reliable Goods at reasonable prices.

The people of this section are necessarily compelled to do a certain amount of Winter trading in wearing apparel. Here's the place you can get best suited. We can supply you in any kind of Wearing Apparel for Man, Woman or Child. Your dollars will bring you in large returns, and we will appreciate every cent spent with us.

We expect to sell more Millinery this Fall than ever. Why? Because we are better prepared than ever before to please the Ladies, and intend trying harder than ever to do so. We were fortunate enough to buy our Stock right. Can give you more for your money, more style, better work, and will sell you Millinery from the very first of the season at short margins of profit. We stand at the head of the Millinery Trade in this County. Give us your Millinery business. You will never regret it.

OUR five years' experience with the DEERING IDEAL BAL BEARING MOWERS has convinced us, as well as hundreds of the farmers in Anderson County, that they are most appropriately named—they are ideal in light draft, in strength, in durability and in ability to perfect work. Perfect as were the Deering Machines last year, we know they are still better improved and strengthened for the harvest of 1898. Remember that they are the only Mowers on the market that can start from stop, in any crop, without backing. Every Deering Mower sold is an advertisement for us, and is the means of us selling another. Can our company say that? Remember, one thorn of experience is worth a whole wilderness of warning.

For Engines, Engine Fittings, Saw Mills, And for any kind of MACHINERY and SUPPLIES, remember we are Headquarters for Low Prices. Yours truly,
